

## REMARKS

In the Office Action the Examiner required restriction between two inventions that he found to be present in the application, namely:

Group I, claims 1 – 13 drawn to a method for identifying clinical characteristics of a patients pain.

Group II, claims 14-20 drawn to a method for mapping corresponding locations on a first human body image design and a second human body image design.

Applicant withdraws Group II, claims 14-20 from prosecution at this time and restricts examination to Group I, claims 1-13. Applicant reserves the right to file continuing applications based upon Group II.

An earnest effort has been made to be fully responsive to the Examiner's request. It is respectfully submitted that the application is ready for examination on the merits. If, on the other hand, the Examiner considers the application not to be in condition for examination, it is respectfully requested that he call the undersigned at the number listed below.

Respectfully submitted,
